

CSUMS@NJIT: Seminar Series – Summer 2009

May 21, 2009

Yuan Young

Dynamics of elastic filaments in a Stokes flow

May 28, 2009

Eliza Michalopoulou

Ill-conditioned matrices; SVD and regularization

June 4, 2009

Roy Goodman

Convergence acceleration for sequences and series

June 11, 2009

Andrea Spender

Information literacy: finding, using, and citing information; library resources

June 16, 2009

Roy Goodman

Adaptive quadrature and Romberg integration

June 23, 2009

Linda Cummings

Bistability in Liquid Crystal Display Devices

July 2, 2009

Jonathan Luke

Hanging Chains and Cables

July 7, 2009

Eliza Michalopoulou

More on Regularization

July 16, 2009

Yuan Young

Numerical methods for solving the diffusion equation

July 23, 2009

Peter Petropoulos
